

MISSION PARTNERS

What being a Mission Partner means:

- Your school will support Truth in Love Ministry through financial support, prayers, encouragement, and educating people about the ministry.
- Truth in Love Ministry will provide your students, faculty, and parents valuable insight into the mission field in your own backyard and how you can speak the truth in love.

What your support will aid:

- Reaching more Mormons in more countries with more of the word more often. With your support, gospel seeds will be planted around the world.
